

RAHUL E.R

Mechanical engineer

Profile

I am here to work with individuals from different backgrounds and understand and explore the field of mechanical engineering in design, development, testing and delivery of leading-edge products and solutions. I am an excellent communicator and collaborator who willing to work at any circumstance or condition.

PHONE:

EMAIL:

razzrahul278@gmail.com

CITY/TOWN:

Bangalore

SKILLS

- *communication skills
- *conflict resolution skills
- *interpersonal skills
- *open, empathetic communication skills
- *team player

PERSONAL INTERESTS

- *travelling
- *socializing
- *automotive enthusiast
- *cinema

LANGUAGES

- *English
- *Tamil
- *Malayalam

EDUCATION:

Diploma in mechanical engineering

2018-2021

Malabar polytechnic college, Kottakkal

Higher secondary education

2016-2018

MHSS moonniyur.malappuram

Secondary education

2016

MHS moonniyur.malappuram

WORK EXPERIENCE:

Intern

Welding training

I had a special training on SMAW process on C.S in 1G,1F,2G,2F,3G position welding

Intern

NDT training

I have participated on NDT training based on American society for non- destructive testing which helps to learn about quality assurance and quality control.

PROJECTS:

IC ENGINE CONVERTED TO MOTORLESS ELECTROMAGNETIC ENGINE

Design and implementation of an electric engine on a vehicle were presented that is capable of travelling almost 100 miles in a single charge while it cost less than a quarter of the cost of an electric conversion kit and 97% less than cost of commercial models it is hoped to be one of the finest future evolutionary technology. I was assigned to be the leader of this project which was certainly a challenge but innovative.it is an absolute success on its first attempt with a 100 cc engine and I hope to do more on this.
